PM-1546

Dear Charles:

With great effort we have now located our file for PM-1546. The file is enclosed. The reason it had not been sent to you with the other files was that Jim Schardt's letter of August 11, 1993, a copy of which is enclosed, instructed us specifically to abandon PM-1546.

In view of those instructions, the case was set aside to be sent to storage.

The file does contain a restriction requirement set forth in an official action of August 5, 1992 which was due for response on September 4, 1993. You can still respond to the action by paying the appropriate fee if you have determined to further prosecute the case despite the earlier decision to drop it.

In addition, I have located some materials which you sent up for the CIP which was proposed and then aborted. These are a discussion of electro-resistive composites and their characteristics and four Philip Morris blueprint Nos. 2165-267A, 2165-281A (two copies) and 2165-~~266~~A. These papers are enclosed.

Sincerely,

Charles B. Smith
